New Employee Spotlight

Welcome Sara Parris to the WG Family!

Sara is from Memphis, and graduated from UT Knoxville with a degree in Hospitality Management.

She likes being a paralegal because she "enjoys helping people in need, and assisting them however she can."

We asked Sara what her favorite part about working at WG so far is, and she responded: "The people - everyone has been very helpful, and full of knowledge. We try to keep things fun, and I haven't gone a day without laughing."

Sara hopes to travel to New Zealand when Covid-19 is over.

We are blessed to have her join our team, and she looks forward to assisting you during your case!
