April News

As the COVID-19 pandemic grips our nation, WG has been trying our very best to stay working hard for you and our community.

Virus or not, accidents still happen.

We are hard at work both at home, and in the office to help offset this medical and financial crisis.

Visit our website below to keep up to date on all CDC suggesting to stay healthy.

COVID-19

Martin-Boyd Christian Home

Our senior citizens have arguably been affected the *most* by this global pandemic. The elderly are at a much higher risk of infection, and rightfully so, have a very strict quarantine. Families are strongly suggested to not visit their loved ones in nursing homes unless it is a life threatening emergency.

Many go visit, and wave to them outside their windows, or talk through a glass barrier, but it's not the same.

It's important to keep our loved one's healthy and protected, but we also want them to feel happy!

WG wants to do anything we can to help our isolated loved one's feel happy. We will be installing bird feeders outside of residents windows, and providing weekly bird feed. This is a small token of our affection to our elderly during these tough times, but it's a start.

WG donated \$2,500.00 to our local Chattanooga Area Food Bank.

The Food Bank is in desperate need of help and volunteers right now as they try to provide for the current pandemic.

Everything our Chatt. Food Bank does, stays here in our local community.

In these hard times, non-profits such as these need all the help they can get.

The need for “emergency food boxes” has increased 85% over the past few weeks to prepare for the unknown.

Where in the World is WG?

In an effort to provide families something fun to do while our kids are out of school, WG has been hosting Scavenger hunts! The first person to find WG and take a selfie was the lucky winner! We gave away Walmart gift cards, and precious WG TP!

Where in the World is WG will be temporarily suspended until further notice to comply with CDC guidelines, and keeping people at home.
