

As you may know, October is Breast Cancer Awareness Month! It is estimated that over 150,000 Americans are currently living with breast cancer. These strong men and women, yes men can have it too, need our support. You can help fund programs for screening, education, support groups, and regional assistance.

WG will match your donation to the National Breast Cancer Foundation. Just send us your receipt, or screenshot and we will match your generous support to our neighbors.

Our friends at Boyd's Speedway have a Breast Cancer Awareness weekend planned, and will involve a car show, live music, stunt show and of course dirt track racing!

There will also be a raffle of great items with proceeds going to the National Breast Cancer Foundation.

Put this on your calanders, and show your support!

United Way Day of Caring 2021

Our staff had a great day at the Chattanooga Area Food Bank building Covid-19 relief boxes! Thanks to all of the generous donations from our community, the food bank is able to supply families in need. We applaud their contribution and dedication to helping others.

They have re-opened their doors to volunteers, and desperately need help. Check out the great things they do for our community, and sign up today!
