

April News

April is **Distracted Driving Awareness Month!**

Every year our law firm ramps up our community outreach leading into summer to raise awareness and save lives.

Did you know? Looking down at your phone for only 5 seconds to read a text while traveling 55 mph is the equivalent of driving the length of a football field blindfolded.

A lot can happen in just five seconds, that is why we encourage our community to **Save Lives** and take the **Pledge to Never Text and Drive!**

So far this month we have been able to capture [284 Pledges to End Distracted Driving!!](#)

Thank you for doing your best to drive hands free and promote safe driving habits.

If you would like to take The Pledge, stop by our Chattanooga Office any Friday and we will thank you for your support by letting you spin the WG Prize Wheel!
